Project Title Cattail State Trail Rehab Phase 2					Current Funded Miles 93.6	New Miles (if applicable)
County Barron	Township 34 N	Range 14	Section 27	<input type="radio"/> E <input checked="" type="radio"/> W	GPS Coordinates: Lat. _____ Long. _____	

Project Description Summary
 Barron County, along with the recommendation and support of the Wisconsin Department of Natural resources are proposing to continue rehabilitation of the Cattail State trail within the geographical boundaries of Barron County. The Cattail State Trail is a year round motorized ATV/UTV Trail, and is also a snowmobile trail in the winter months when conditions permit. Rehabilitation will include overhead limb cutting and clearing to allow for quad axle dump trucks to spread gravel and a 6" gravel lift to the trail surface from 3rd Street in Almena Township to Soo Avenue E. in the Village of Almena (Approximately 3.49 miles). Additionally a 78" by 74' Culvert is failing on this section and will require replacement. This will allow the Dusty Trail Finders ATV Club to shape and grade the trail on a regular basis, maintain a crown in the trail surface to avoid pooling of rainfall and trail erosion. The Barron County Highway Department will complete the work, and we have divided the work into 3 phases, this being the second phase. RTP will be applied for and if awarded the total of this request will be reduced accordingly.

I certify that all maintenance land use agreements are on file.

Estimated Cost

Maintenance	Acquisition	Insurance	Development	Bridge Rehab.	Trail Rehab.	Total Estimated Cost
					\$195,069.00	\$195,069.00

Trail Project Detailed Description
 Barron County, along with the recommendation and support of the Wisconsin Department of Natural resources are proposing to continue rehabilitation of the Cattail State trail within the geographical boundaries of Barron County. The Cattail State Trail is a year round motorized ATV/UTV Trail, and is also a snowmobile trail in the winter months when conditions permit. Rehabilitation will include overhead limb cutting and clearing to allow for quad axle dump trucks to spread gravel and a 6" gravel lift to the trail surface from 3rd Street in Almena Township to Soo Avenue E. in the Village of Almena (Approximately 3.49 miles). Additionally a 78" by 74' Culvert is failing on this section and will require replacement. This will allow the Dusty Trail Finders ATV Club to shape and grade the trail on a regular basis, maintain a crown in the trail surface to avoid pooling of rainfall and trail erosion. The Barron County Highway Department will complete the work, and we have divided the work into 3 phases, this being the second phase. The Barron County Highway Department will excavate, remove, and dispose of the failing culvert then replace with a new aluminized culvert then provide 9,900 tons of gravel to place a 6 inch layer on the trail surface, will then shape, water, and compact the gravel after placing.

Permit questions

2 messages

Tue, Apr 9, 2024 at 10:04 AM

Jeff Wolfe <jeff.wolfe@co.barron.wi.us>

To: "Harrington, Dan - DNR" <Dan.Harrington@wisconsin.gov>

Dan,
I am working on a couple of grant applications and it asks me to contact you to see if a permit will be needed. The first is an in kind culvert replacement that is 78" by 74" under the Cattail State Trail. There is water on both sides of the trail, my assumption is this would require a permit but if you could verify one way or the other that would be great.

The second project is a bridge that has 5 sets of piles in the water for supporting the bridge. The piles have deteriorated and need to be replaced. I assume this also requires a permit but if you could verify that I would appreciate it.

Thanks
Jeff

Harrington, Dan - DNR <Dan.Harrington@wisconsin.gov>

To: Jeff Wolfe <jeff.wolfe@co.barron.wi.us>

Hi Jeff. The culvert if replaced in kind will be exempt from needing a permit. Here is the link to the exemption checklist:

[ISCONSIN dnr \(wisconsin.gov\)](https://www.wisconsin.gov/dnr)

The bridge however will need approvals. What water body is this on? And, do you have any photos you can send me?

Here is the link to the online bridge application process:

https://dnr.wisconsin.gov/topic/Waterways/water_levels_crossings/crossings.html

Thanks, Dan

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Dan Harrington
