Project Description Summary

Lincoln County is seeking maintenance funding for an additional 2.9 miles of winter ATV trail. The trail segment being applied for is currently a non-funded club trail that connects to the funded trail system directly and through other club trails. The segment begins at Corridor 17 and heads east across a field and goes under Hwy 51. It then heads north through mostly wooded terrain until it reaches County Highway D. It travels east along Hwy D for a distance and then heads north to Lake Alice. When the trail reaches Lake Alice it connects to a non-funded club trail which in turn connects to 2 other segments of funded winter ATV trail. This trail is a highly used segment that provides the high population center around Lake Alice access to the funded winter ATV trail system. Since this trail segment is currently a club trail there will be no development costs associated with this project. This trail segment is open to snowmobile use. Lincoln County winter ATV trails are not opened until one week after the corresponding snowmobile trail has been opened and trails are closed to ATVs when the temp is above 28 degrees F. UTV's are not allowed on winter ATV trails in Lincoln County.

I certify that all maintenance land use agreements are on file.
