Project Description Summary

This project will consist of adding a 16' x 22' covered deck to the north side of the existing ATV shelter building and adding 4 inches of gravel to the parking area which is primarily native soils. Cost includes materials, labor, equipment to prepare the site, construct the deck and roof and haul gravel and grade the parking area.

The shelter building was rebuilt by Langlade County in 2020 after the roof collapsed from especially high snow load in the winter of 2019. The Parrish Highlanders ATV Club has been heavily involved in the development of this site for near 20 years and has maintains the site at their expense. The Club has also purchased picnic tables and added a gas fire place to the shelter building among other improvements.

Currently there at this location there is an existing 20' x 30' shelter, restrooms, a hand pump well, a fire pit and lake access. The Parrish Highlanders ATV Club also provides a grill and small boat and life jackets for visitors use.

I certify that all maintenance land use agreements are on file.
