Project Description Summary

Waupaca County is requesting maintenance funding on an additional 2.1 miles of snowmobile trail that runs from Corridor #26, at intersection #68, to Corridor #11 in Waushara County. No development dollars are needed since this trail has been in use for over ten years and is groomed with a Class AAA-3 groomer. This trail connects two currently funded trails and two counties together.

I certify that all maintenance land use agreements are on file.

New Trail Ranking and Certification Worksheet

County: Waupaca Segment Name/Trail #: Trail AA
 Date of Application: 22 March 2022 Miles Requested: 2.1 miles

Qualifications – All items in this worksheet must be completed for new miles request, and submitted with a copy of the Motorized Recreation Grant Application 8700-159 for each new trail. Each trail must be submitted separately. All items in this section must be completed for valid new trail maintenance funding request – incomplete applications will be denied.

Any rehabilitation funding requests should be included at this time on form 8700-159. Trails must be in the funded system for at least 10 years before they are eligible to receive rehab grants, so it is important to include rehabilitation needs now. (NR 50.09 (4) (g))

Gateways questions: Provide justification for selection below.

- 1. Trail provides primary access route through a county and connects with another county's trails.
- 2. Trail provides access from population centers to main access trail(s).
- 3. Trail supports a high volume of use.
- 4. Trail is separate from the road surface, marked and groomed as a snowmobile trail. Plowed roads do not qualify as a funded off-road trail. (s. 350.01 (16) and (17) Wis. Stats.)

Maps attached
(All are required)

- Provide GIS file (shapefile, etc) of county trail system with the requested trail segments included.
- Provide countywide trail system map (printed/PDF) with the requested trail segments identified. (Map should show how the requested new mile segment fits into the trail system, and what it connects to.)
- Provide aerial/topographical map (printed/PDF) for each segment. (Map should show a more detailed view of the trail, but still clear on trail location and connections).

I certify that this trail meets or will meet all trail requirements in chs. 23 & 350, Wis. Stats. and ch. NR 50, Wis. Admin. Code

1. Minimum graded width for one-way trails is 6 feet and maximum 8 feet.
2. Minimum graded width for two-way trails is 10 feet and maximum 12 feet.
3. Minimum turning radius is 25 feet.
4. Minimum cleared height above trail is 10 feet.
5. Sustained grades and slopes will be a maximum of 25%.
6. Approved, fully reflectorized snowmobile signs must be used.
7. Snowmobile trails shall not be routed over bodies of water. If stream crossings make bridging necessary, bridges should be at least 8 feet wide. If the bridge is located on an abandoned railroad grade, the bridge shall be a minimum of 10 feet wide free from obstruction.

Justification (Required) – Provide narrative description of the new trail with explanation for gateway qualification checked (#1, 2 or 3 above).

Waupaca County is requesting maintenance funding on an additional 2.1 miles of snowmobile trail that runs from Corridor #26, at intersection #68, to Corridor #11 in Waushara County. No development dollars are needed since this trail has been in use for over ten years and is groomed with a Class AAA-3 groomer. This trail connects two currently funded trails and two counties together.

Water Crossings (**Required**) - Does the requested trail segment include any bridges, culverts or water crossings? If so, Describe. If not, indicate none. *Bridge structures should be added to the county's snowmobile bridge inventory if not already included.*
 This trail crosses Austin Creek on a privately owned culvert that is in good shape. There are no other water crossings or bridges on this trail section.
