Analysis Prepared by the Department of Natural Resources

Statute interpreted: Section 285.11(6), Stats. The State Implementation Plan developed under s. 285.11(6), Stats., is revised.

Statutory authority: Sections 227.11(2)(a) and 285.11(1) and (6), Stats.

Fiscal Estimate Summary: The proposed rules have no fiscal effect on state and local government, and no significant fiscal effect on the private sector. The proposed revisions to ch. NR 433 do not alter which sources are subject to BART, the required level of emission control, or final compliance requirements under the Wisconsin BART rules. Based on this premise, there is no change anticipated for the fiscal cost of implementing the BART rule.

Environmental Analysis:

The Department has made a preliminary determination that adoption of the proposed rules would not involve significant adverse environmental effects and would not need an environmental analysis under ch. NR 150, Wis. Adm. Code. However, based on comments received, an environmental analysis may be prepared before proceeding. This analysis would summarize the Department's consideration of the impacts of the proposal and any reasonable alternatives.
