#### DNR Updates

- VI communication mapping with DNR, DHS, city of Milwaukee
- Telemetry fact sheet development
- Rule Advisory Committee
- RR-800 revisions - timing not known

#### Approved Work Plan – Review

#### Ad Hoc Committee Updates

- *Local Government Outreach & Education*
  - Communications mapping is needed, fact sheet would be next step. Discuss at May EAG meeting.
  - Early awareness of VI to LGUs, occupancy authority
  - Looking for more input in ad-hoc group – **contact Chris Bonniwell and Jennifer Borski if you are interested**

# SUBGROUP: Vapor Intrusion

Remediation and Redevelopment External Advisory Group

- *Mitigation Contractor Certification*
  - Reviewing what other states have done for radon and what it might look for VI. WI already has measurement of VI and how that is done, but not the component of the mitigation contractor
  - Looking for more input in ad-hoc group – **contact Chris Bonniwell and Jennifer Borski if you are interested**
  - Externals would explore support from other stakeholders to move forward draft bill
  - Looking at DSPS oversight of contractor licensing/certification, then administrative rule could potentially incorporate (e.g., NR 712 for engineers/geologists)

## *Open Discussion*

- *Other topics to explore?*
- *Questions/general comments?*
  - *Next meeting, go over potential outreach for launch of RR-800*

## *Next Steps and Assignments*

### *Next meeting date*

- Remediation and Redevelopment External Advisory Group (EAG) – April. 11, 2024
- RR EAG Subgroup Series – May. 29, 2024
