Many lake trout and Chinook salmon have been adipose-clipped to indicate they carry a tiny coded wire tag (CWT) in their snout. A trained technician must find and decode these tags to determine stocking information. This information is important for the future management of Lake Michigan. If you would like to donate the snout from your fish please call one of the DNR field stations listed below and they will give you instructions on how to collect the necessary information and location to drop off the snout.

Peshtigo: (715) 582-5052
 Sturgeon Bay: (920) 746-5112
 Green Bay: (920) 662-5480
 Milwaukee: (414) 382-7922

Wisconsin Department of Natural Resources provides equal opportunity in its employment, programs, services, and functions under an Affirmative Action Plan. If you have any questions, please write to Equal Opportunity Office, Department of Interior, Washington, DC 20240. This publication can be made available in alternative formats (large print, Braille, audiotape, etc.) upon request. Please call (414) 382-7929 for more information.

**WISCONSIN LAKE MICHIGAN FIN CLIP SUMMARY 2006-2017
MARKED FISH ONLY**

YEAR	LOCATION	FIN CLIP	NUMBER	STRAIN

2017	Root River	ARV	27,048	Ganaraska

These fin clip patterns are for the Lake Michigan and Green Bay waters of the State of Wisconsin only. Trout and salmon with other fin clip patterns can originate from other states, and would be considered “strays” in Wisconsin waters. Fin regeneration makes some clips difficult to see. Note: These are not total numbers of trout and salmon stocked, only those that have been fin clipped. For non-specific locations listed in the summary please see the latest Wisconsin’s Lake Michigan Salmonid Stocking Summary (PUB-FH-828 2018).

*Tagged fish: Your cooperation in returning these tags to the address below or the address listed on the tag, along with the species of fish, length, weight (if known), date and location caught will be greatly appreciated. This information will help us make the Lake Michigan fishery even better.

*When releasing a tagged fish, please leave the tag in place.

For more information on tagged fish please go to the WDNR web site at: dnr.wi.gov and search for ‘tagged fish’.
