Last Name _____ First Name _____ Middle Initial _____

Street Address _____ City _____ State _____ Zip code _____

Home Phone (____) _____ Birthdate ____/____/____ Email Address _____

Class: Kiln Drying Short Course Tuition Rate: GLKDA Member (\$500.00): _____ Non-Member (\$550.00): _____

Credit Card: _____ MasterCard _____ VISA _____ Credit Card Number: _____

Expiration Date: _____ Security Code: _____ Signature: _____

The following information is not required, but will help us identify your records should you need an official transcript of attendance. It is kept confidential. Aggregate data on race/ethnicity and high school attendance is used for state and federal funding purposes. Though your response is optional, it is very much appreciated.

Social Security Number _____ or Student ID Number _____

Race/Ethnicity: American Indian, Asian, Black, not Hispanic, Hispanic, White, not Hispanic, Native Hawaiian/other Pacific Islander

Mail registration form with payment to: Northcentral Technical College, Attn: Continuing Education, 1000 W. Campus Drive, Wausau, WI 54401

Workshop Background

This workshop is packed with valuable and important information for kiln operators and managers. The variety and quality of the information make this a must attend event. The workshop will focus on drying systems, controlling lumber quality, species specific drying, wood structure and drying science. Over twenty breakout topics will be covered to help you maintain a successful kiln operation.

This fast-paced workshop will include several lab exercises to apply concepts taught in the classroom.

Who Should Attend?

Kiln Operators, Purchasers, Sales Representatives, Production Supervisors, Plant Managers and others who deal with wood moisture related issues

Location

Northcentral Technical College Antigo Campus
Wood Technology Center of Excellence
312 Forrest Avenue, Antigo, Wis., 54409

Agenda

Tuesday, August 13 8:00 a.m. – 5:00 p.m.

Wood Structure & Drying Science

- The Drying Operation
- Structure of Wood as it Relates to Drying
- Determining the Moisture Content of Wood
- The Use of Kiln Samples
- Wood-Moisture Relations and Shrinkage
- Relationship Between Relative Humidity, Temperature and Equilibrium Moisture Content of Wood
- Kiln Operation Exercise

Wednesday, August 14 8:00 a.m. – 5:00 p.m.
Drying Systems

- Drying Stresses and Defects
- Kiln Schedules: Development, Modification and Use
- Equalizing and Conditioning Treatments
- Causes and Control of Sticker, Fungal and Chemical Stain in Lumber Drying
- Lumber Stacking, Air Drying, Shed Drying and Pre-drying
- Effects of Air Velocity on Drying
- Kiln Operation Exercise
- Small Scale Dehumidification and Solar Drying

Thursday, August 15 8:00 a.m. – 5:00 p.m.
Controlling Lumber Quality

- Drying Maple and Other White Woods
- Drying Mixed Species
- Drying Trends: Kiln Size, Lumber Quality and Customer Demands
- The Effective Use of Moisture Meters
- Dry Kiln Instrumentation and Control
- Dehumidification Kiln Drying
- Kiln Buildings and Equipment
- Vacuum Kiln Drying
- Final Kiln Operation Exercise
- Wrap-up and Presentation of Certificates

Speaker Lineup

Logan Wells

Faculty, Wood Science
Northcentral Technical College

Travis Allen

Faculty, Applied Engineering
Technology, Northcentral
Technical College

Bob Pope

Regional Sales Manager,
SII Dry Kilns

Dr. Scott Bowe

Professor, Wood Products Specialist
University of Wisconsin-Madison

Scott Lyon

Forest Product Specialist WI
Dept. of Natural Resources

Registration Information

\$500 for Great Lakes Kiln Drying Association Members
\$550 for Non-Members

Fees include workshop materials, light morning refreshments and a group dinner on Thursday evening.

How to Register

Mail

Send check with completed registration form to:
