Daniel Colton  
President and CEO, Director  
2 East View Lane  
North Oaks, MN 55127  
dancolton@greenlightmetals.com

Dear Mr. Colton,

The Chequamegon-Nicolet National Forest received your most recent operating plan, dated September 22, 2022, for diamond drilling operations in T33N, R2W, S35, NWSW in Taylor County, Wisconsin. This letter is to inform you that:

1. The operating plan is consistent with the forest land and resource management plan.
2. The Forest Service intends to monitor operations to ensure compliance with the operating plan.
3. Green Light Wisconsin must notify the Forest Service 60 days in advance of any major modifications in the operating plan.
4. Any unapproved deviation from the operating plan may be construed as unlawful, and the United States may take appropriate legal action.
5. Green Light Wisconsin will need to obtain all permits required by the Wisconsin Department of Natural Resources before starting work.

If you have any questions or comments, please contact Megan Luick, Minerals Program Manager, at [megan.luick@usda.gov](mailto:megan.luick@usda.gov) or (715) 362-1330. Thank you for your responsiveness in working on the Operating Plan, and we look forward to continuing to work with you in the future.

Sincerely,

X 

---

Signed by: AMANDA-DANIELLE GOULD

JAMES GRIES  
Acting Forest Supervisor
