Meeting #2: Nutrient Management Plans & Nitrogen Use Efficiency

Thursday, April 23, 2020

Zoom Meeting Link: <https://uwplatt.zoom.us/meeting/register/v5Ykdeqhpz4ofO8xt2uw-45WUt-eSRfJ2Q>

Goals of Meeting #2:

- Understand how nutrient management plans account for nitrogen.
- Understand Nitrogen Use Efficiency including the results of local research and adoption by farmers.

- 9:00 am Opening
-- *Chris Clayton, WI DNR*
- Introductions
 - Plan for future TAC meetings due to Safer at Home Order
 - Meeting #1 Recap
- 9:10 am Brief Regulatory Overview of Nitrogen Land Applications
-- *Brian Weigel, WI DNR*
- 9:15 am Recorded Presentation Discussion: Nitrogen Applications in Wisconsin Agriculture
-- *Carrie Laboski, UW-Madison*
- 9:30 am Nitrogen in Nutrient Management Plans
-- *Joe Baeten, WI DNR*
- Nutrient Management Planning Overview and State Rules Related to Nitrogen Management
-- *Steve Hoffman, InDepth Agronomy*
 - Nutrient / Nitrogen Management Implementation in Livestock and Crop Production
- 10:15 am **BREAK**
- 10:20 am UW-Discovery Farms Nitrogen Use Efficiency Project
-- *Abby Augarten, UW-Discovery Farms*
- Defining Nitrogen Use Efficiency (NUE)
 - NUE Project goals, approach, and results
- 11:05 am **BREAK**
- 11:10 am Adopting NUE on the Farm – Moderated by Jared Winter, Dodge County LWCD
-- *Tony Peirick, Dodge County Farmer*
-- *Dale Macheel, Dodge County Farmer*
- NUE trials and results
- 11:50 am **ADJOURN**
