

NR 151 Technical Advisory Committee

Thursday, March 25, 2021

10:30am – noon

Zoom meeting registration: Register in advance for this meeting – [Click Here](#). After registering, you will receive a confirmation email containing information about joining the meeting.

Purpose of the meeting: The DNR is soliciting comments on the draft Economic Impact Analysis (EIA) for the groundwater nitrate targeted performance standard from March 8 through April 10. The goal of this meeting with TAC members is to present the draft rule and draft EIA, highlighting the assumptions used to estimate costs related to the draft rule. This meeting will be open to the public.

10:30 am	Welcome
