Wisconsin DNR Waste and Materials Management Program Updated 11/2024

Note: Wisconsin law bans these materials from landfills, however, these totals may contain incidental amounts of non-banned materials such as residential mixed paper, plastic #3-7 containers, and foam polystyrene.

It is optional for RUs to provide yard waste and waste tire tonnages on yearly reports. The department has opted to not display these tonnages because they are not representative of the true amounts collected by RUs.
