

# SNAPSHOT BINGO

Snapshot Bingo is an interactive way to classify photos on Zooniverse. You can play alone, cooperatively with a family member, or competitively with a friend. The goal is to have fun while contributing to science and wildlife monitoring in Wisconsin.

Log on to [Snapshot Wisconsin on Zooniverse](http://www.SnapshotWisconsin.org) (www.SnapshotWisconsin.org) and click on the Classify tab to access the photos.

## Objective:

Complete a bingo by marking off five spaces in a straight line (vertically, horizontally or diagonally)

## Instructions:

1. Print off the Bingo Board on the following page (one per person) or keep track on your computer
2. Randomly fill in the blank spaces on the board with categories from the lists below or create your own categories
  - \*Try to use categories from both columns
  - \*We recommend the center space is a “Free Space” or easier category
3. Log on to Zooniverse to access the photos (www.SnapshotWisconsin.org)
4. Start classifying photos once everyone is ready
  - \*Mark off categories as you encounter them

## Species/Animal Categories:

- White-tailed deer
- Antlered buck
- Multiple species in photo
- >6 of same species in photo
- Domestic animal
- Canid (wolf, coyote or fox)
- Waterfowl
