

Northeast Lakeshore Total Maximum Daily Load

Water Chemistry Monitoring Results Summary

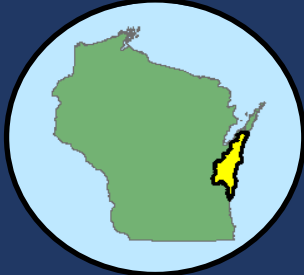

Total Phosphorus (mg/L)

Growing season median concentration (May 1 - Oct 31)

Results are based off bi-weekly to monthly sampling between Spring 2017 - Fall 2019. Exceptions to this are Ahnapee at Washington Road, Silver Creek (Algoma) at Willow Drive, Kewaunee at CTH F, Manitowoc at CTH JJ (Michigan Ave), and Sheboygan at Esslingen Park which have concentrations represented by samples from Spring 2016 - Fall 2019.

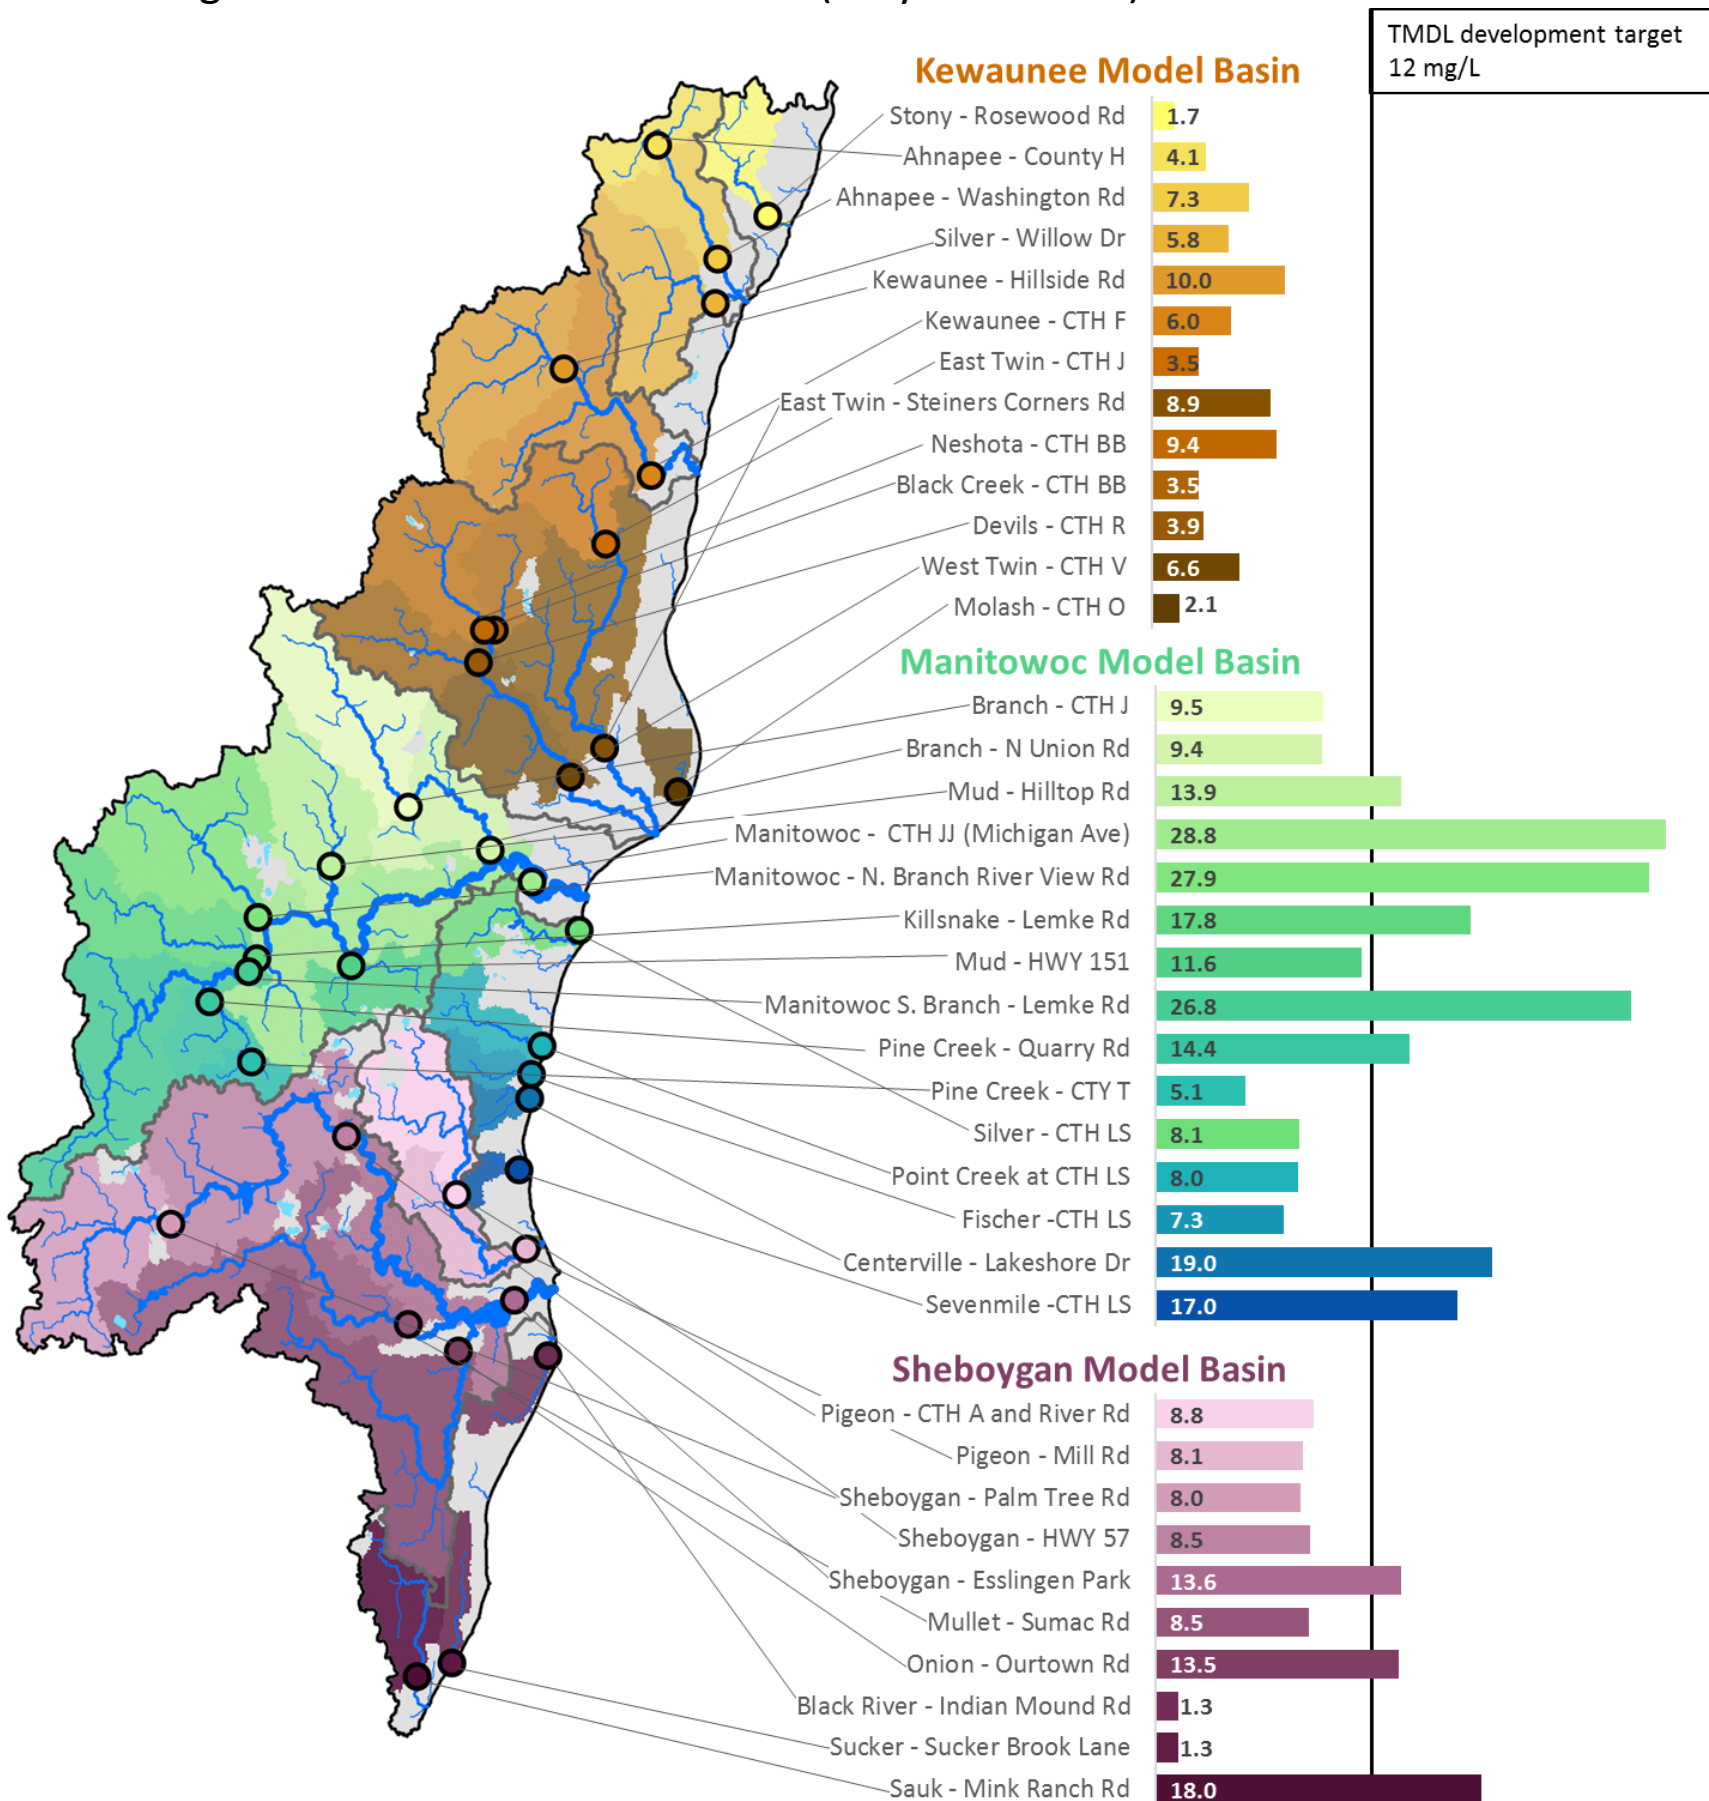

Northeast Lakeshore Total Maximum Daily Load

Water Chemistry Monitoring Results Summary

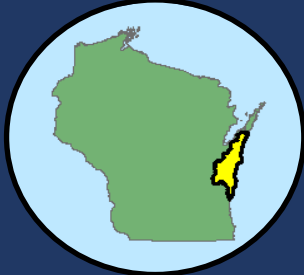

Total Suspended Solids (mg/L)

Growing season median concentration (May 1 - Oct 31)

Results are based off bi-weekly to monthly sampling between Spring 2017 - Fall 2019. Exceptions to this are Ahnapee at Washington Road, Silver Creek (Algoma) at Willow Drive, Kewaunee at CTH F, Manitowoc at CTH JJ (Michigan Ave), and Sheboygan at Esslingen Park which have concentrations represented by samples from Spring 2016 - Fall 2019.

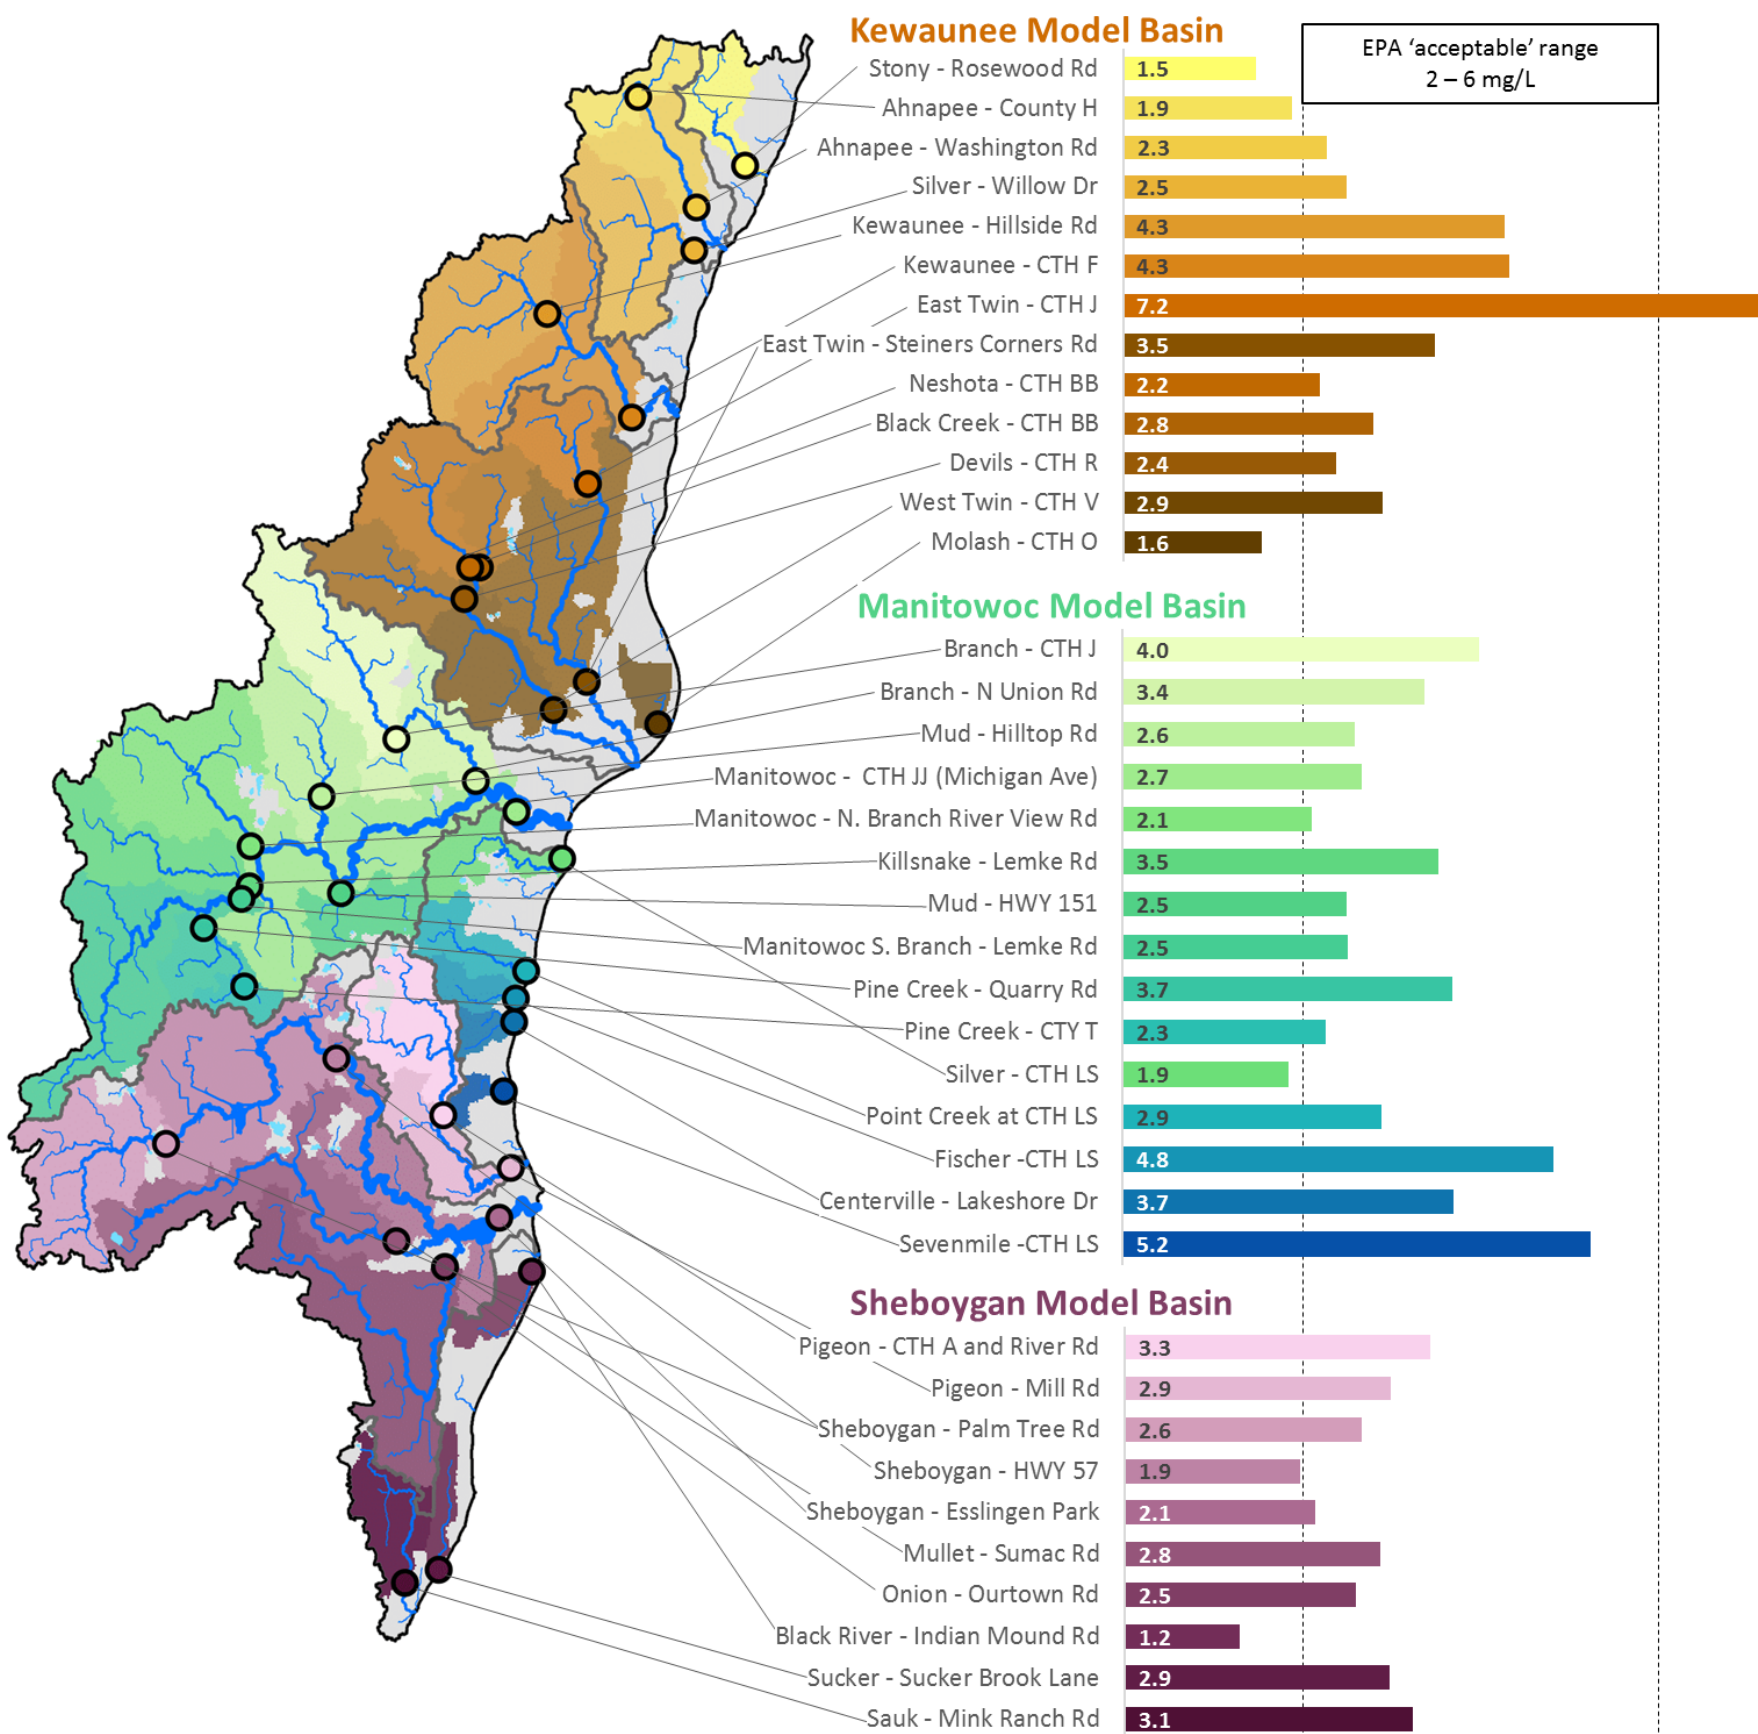

Northeast Lakeshore Total Maximum Daily Load

Water Chemistry Monitoring Results Summary

Total Nitrogen (mg/L)

Growing season median concentration (May 1 - Oct 31)

Results are based off bi-weekly to monthly sampling between Spring 2017 - Fall 2019. Exceptions to this are Ahnapee at Washington Road, Silver Creek (Algoma) at Willow Drive, Kewaunee at CTH F, Manitowoc at CTH JJ (Michigan Ave), and Sheboygan at Esslingen Park which have concentrations represented by samples from Spring 2016 - Fall 2019.
