**White Pine includes a small volume of jack pine.

+Red Maple includes a small volume of aspen and birch.

Scaled Sale

Minimum Bid Value = \$37,905.00

Special Operating Requirements and Slash Disposal:

1. All pine products cut between March 1st and August 30th must be removed from the sale area within three weeks from time of cutting. Pine products cut during the remainder of the year must be removed before March 15th.
2. Minimize damage to advanced regeneration!
3. This sale is located entirely on high ground and has no seasonal harvesting restrictions.
4. ATV/Snowmobile trail must be repaired to the satisfaction of DNR Parks staff. Take care not to drive equipment on/off the trail where there are steep banks. The trail must be maintained in usable condition and cleaned off daily to provide for the safety of trail users.
5. Slash must be evenly lopped/scattered within the sale boundary and shall be deposited a minimum of 10 feet from the mowed right-of-way of any highway, town road, or recreational trail. Slash within 50 feet of all town roads and recreational trails must lie within 2 feet of the ground. Do not bury seedlings or saplings with slash.

General Requirements:

1. All designated tree species must be cut and forwarded concurrently with the sale.
2. All stumps shall be no higher than the stump diameter, or 10 inches, whichever is less.
3. Do not cut or knock down any dead or hollow trees. These are important wildlife habitat. Any that must be cut shall be left in big pieces on the forest floor.
4. Utilization: cut and use all designated trees with one or more 100" sticks to a 4" top diameter.
5. Any new roads and all landings must be approved by a DNR Forester before operations begin.
6. Contractor will be required to close off access roads upon completion of sale to Forester's satisfaction.
7. Any trees cut or pushed over for new roads or landings must be utilized or cleaned up to the DNR Forester's satisfaction.
8. Notify DNR Forester (Ian Remus 715-928-2462) before you start the job and each time you leave or return to the job.
9. Contact the town of Komensky prior to beginning logging operations at 715-299-0093. Permits are required for hauling heavy loads on town roads and approvals are needed for any new driveway approaches.
10. Wisconsin's Best Management Practices for Invasive Species applies – contractor must clean equipment before entering and leaving the sale area! This involves brushing away all dirt and cleaning air intakes of debris.
