Harvest Area (71 Acres): Cut all aspen, maple, and birch >1" DBH. Cut all trees marked with orange paint. Do NOT cut trees marked with green paint. Trees marked with purple paint are to be cut, leaving a stump 5 feet above the ground. The bottom 12 feet of the main bole is to be left on the ground directly adjacent to the stump. Any remaining product can be utilized by the contractor.

Designated Haul Route: To avoid introducing oak wilt into adjacent stands, any hauling occurring between April 15th and July 15th must be done using the designated haul route. The sale area itself does not have any seasonal harvesting restrictions.

Green Tree Retention Islands: The boundaries of these GTR islands are marked with red paint. Do not harvest any trees within these areas.

NH-ALSF TRACT 09-24
Hunting For Herman

The cutting area is approximately 71 acres.

All trees that will yield one or more 100-inch sticks to a minimum top diameter of 4" will be cut and utilized.

Whole tree harvest **is** allowed.

ESTIMATED VOLUME (TONS)
MINIMUM TOP DIAMETER

	<u>4"</u>	<u>Whole Tree</u>
White Pine ²	100	N/A
Balsam Fir	75	N/A
Aspen	3700	5400
Mx. Hardwood ¹	550	875
	Total Minimum Bid Value	\$ 50,482.50

¹ Volume includes, 63% white birch, 36% red maple and 1% red oak

² Volume includes 6 MBF of potential of white pine saw logs

The total sale volume equates to approximately 62.3 tons/acre or 27.5 cords/acre.

Special Conditions

1. Do not cut any trees within 15 feet of any ephemeral pond. All other low areas are to be operated in during dry or frozen ground conditions to prevent rutting. Cutting must be concurrent for all species to be harvested.
2. All slash must be pulled back at least 25 feet away from any road or trail.
3. No slash allowed across any blue line, red line, powerline, or within any wetland. Slash must be lopped and scattered to lay within 2 feet of the ground and pulled back into the sale area at least 25 feet away from the adjacent private lands and public roads.
4. All landings and any new woods roads must be approved prior to sale start up.
5. All pine products cut between April 1st and September 1st must be removed from the sale area within three weeks from the time of cutting. Pine products cut during the remainder of the year must be removed prior to April 1st of each year.
6. If the contract is to be worked on during multiple time periods a mid-contract "pull-off" inspection meeting will be required. One-week notice shall be given by the contractor prior to moving equipment off site. During the "pull-off" inspection, provisions needing attention will be documented. The contractor at that time can decide to remedy them before pulling equipment off or rectify them when moving back onto the site. If the latter is chosen, documented items shall be addressed before harvesting can continue.

Certificate of Deposit

Irrevocable Letter of Credit

Assignment of Savings Account

I understand that any or all bids may be rejected and that consideration and awarding of a contract will be based upon my past performance and ability to complete contracts. **I also understand that if I am the winning bidder, I have 6 weeks from the date of the bid opening to submit an acceptable performance bond. I also understand that if I am awarded the contract and fail to execute it or work under it, I will be required to forfeit to the Department an amount equal to 10% of my total bid amount.** Failure to forfeit the 10% penalty will result in being considered ineligible to bid on any state timber sales for a two-year duration. In the event the highest bidder can not or will not sign the contract, the award may be made to the next highest qualified bid.

By checking this box, I certify that I hold a Wisconsin Master Logger Certification.

Notice: I understand:

Utilization specifications and estimated volumes are listed in the prospectus which is available upon request from the Department.

A copy of the standard timber sales contract which must be entered into is available upon request from the Department.
