C270H Stand 3 (12 acres) - Stand origin 1919, Aesthetic strip left after 1987 harvest. Prescription will be coppice with standards to regenerate aspen. Large diameter pine will be retained.

C270H Stand 4 (51 acres) - Aspen origin 1970. Prescription will be coppice with standards to regenerate aspen. Moving up harvest date to harvest aspen before it declines.

C270H Stand 14 (67 acres) - Pine origin 1991. First thinning pine. Portions are lower density larger diameter pine. Will evaluate for management potential.

Land management Area 10 borders northern edge of harvest area.
