C50H - Stand 3 (99 Acres) is comprised of well stocked northern hardwood poletimber. This stand was thinned in the past and is now ready for another improvement thinning. The best quality northern hardwood will be released for optimal growing conditions.

C50H - Stands 6 & 7 (86 Acres) are comprised of 86-97 year old well stocked white pine poletimber and sawtimber that is ready for an improvement thinning. This stand will be marked following the standard order of removal to reduce stocking levels and promote the growth and vigor of the remaining crop trees.

C50H - Stand 11 (41 Acres) is comprised of 91 year old well stocked red oak poletimber and sawtimber. This stand was thinned in the past and it is now ready for an initial shelterwood harvest to regenerate the red oak.

C70H - Stand 15 (17 Acres) is comprised of a good stocking of 85 year old black spruce poletimber. The prescription for this stand will be to patch or strip clearcut relying on adjacent seed trees to regenerate the site.

C70H - Stand 16 (22 Acres) is comprised of well stocked red pine small sawtimber. This 97 year old stand was thinned in the past. This stand is well stocked at this time. The prescription for this stand will be an improvement thinning following the standard order of removal to reduce stocking levels and promote the growth and vigor of remaining crop trees.

There is a snowmobile trail that runs through a portion of the sale. Biomass harvesting is not allowed.
