- Boat Landing

Stand 5 (82 Acres) Is a 108 year old mixed red/white pine stand that will be a thinned following the standard order of removal to reduce stocking levels and promote the growth and vigor of remaining crop trees.

Stand 14 (53 Acres) is a 106 year old red oak stand that will be a thinned following the standard order of removal to reduce stocking levels and promote the growth and vigor of remaining crop trees.

Stand 16 (24 Acres) is a 70 year old jack pine that will undergo a clearcut. Scattered pine will be retained and the site will be replanted to jack pine following the harvest.

Stand 18 (89 Acres) Is a 98 year old oak stands with a secondary component of northern hardwood that will receive a thinning following the standard order of removal to reduce stocking levels and promote growth and vigor of remaining crop trees.

Stand 19 (44 Acres) Is a 31 year old mixed red/white pine plantation that will be a thinned following the standard order of removal to reduce stocking levels and promote the growth and vigor of remaining crop trees. A row thinning is likely to occur.

Stand 24 (17 Acres) Is a 62 year old red pine stand that will be a thinned following the standard order of removal to reduce stocking levels and promote the growth and vigor of remaining crop trees.
